

GROUNDBREAKING™ MINING SOLUTIONS

A class leading
facility, run by
a class leading
team – equals
groundbreaking
results.

GMS is one of a few companies in Australia with Engineering, Maintenance, Manufacturing and Asset Management solutions, all in-house,

We perform repairs and rebuilds, with fast turnarounds. We store a high volume of drill and blast rig parts for when you need them. Including genuine drill and blast rig components and quality after-market parts, which can be shipped to you direct.

GMS delivers drill and blast rig solutions to clients in Australia and offshore - from servicing and support to quality parts and equipment hire.

PARTS

Our reputation is forged on strength and quality. Our parts are no different. We offer a large range of drill and blast rig parts to suit Epiroc, Sandvik, CAT, Cubex, Atlas Copco, Terex, and Bucyrus to name a few – all stocked in our warehouse facility.

SERVICE

Keep your drill and blast equipment running smoothly with trained professionals on the job. Our dedicated team specialise in blasthole drill rigs. We understand and get on with what matters to us – your drills.

SUPPORT

No matter where you're located, our support team delivers ground-breaking results. No excuses. We deliver high standards of service, backed by an impeccable safety track record.

HIRE

Hire industry recognised drilling equipment, wet or dry hire. Our hire operation is based out of our fully-equipped facility in Perth, and services clients across Australia. All gear is ready to roll when you need it, for short or long-term hire.
